

If you are at home and feeling unwell, or maybe someone in your family is feeling poorly, I am sorry you aren't in class with us. I really hope you can be back with us soon!

I have created some activities to start your home learning and I will send you more for the days you aren't in school via Google Classroom. You can email me photos and messages so that I can see how you're getting on. I will even try to share them with the children at school!

Take care and see you soon.

Love Miss Foster x
